### **FROM THE PRESIDENT:**

"Greetings of good day and good health".

Days are passing very fast, and we are now approaching the peak of our term as we prepare 2 important activities planned for the year 2001.

This September 4, 2001, we have the MAHLAP forum during the celebration of the Philippine BookFair 2001, where we participated.

The topic of this Forum is "The Challenges of E-Resources in Libraries" and we are fortunate to have a resource speaker from OVID Technologies. We are hoping that this will be very useful to our librarians who are into digital services.

On October 26-28, 2001, we will have a national conference and seminar-workshop, outside of Metro Manila. The title of the seminar-workshop will be "A Synergy of Strategies in Establishing e-Resources Sharing and Networking". This will be held at the Monte Vista Hot Springs and Conference Resort, along the highway of Pansol, Calamba, Laguna.

May I invite you to attend this activity because it will help us explore the possibility of establishing networks in resource-sharing in different regions of the country. The seminar fee is P 1,500 for 2 days and 1 night, and P 2,000 for 2 days and 2 nights.

Guillie C. Panizales  
MAHLAP President 2001
